Reports	First aid Summary Reports	
	Incidents	•
	Inspections	<ul style="list-style-type: none"> Several areas in the warehouse have expired light bulbs. Anita and WH staff have replaced as many bulbs as possible but we've run out of supply. In some cases, bulbs must have been older as when replaced they expired quickly. JHSC suggests we purchase a supply or quality lightbulbs. *UPDATE* Bulbs have been ordered. Waiting for supply to arrive. Delayed due to supply chain issues. Could be an issue with the ballast instead of bulbs. We've are in the process of purchasing a new charger for a new forklift. Once this is purchased and we've set an instalol date Anita will have the electrician test the ballast. - In WH JSC Board. Pls remove Colin's pic. Add Jack's.

	Other OHS reports	N/A
	Training and education	<ul style="list-style-type: none">• N/A

	Item #		Who	Target date
Old Business	1.	<p><u>Covid Employee Screening documents:</u></p> <p>Current screening requirements are not in line with current recommendations from BC Health. For example, documents currently state that an employee must isolate for 14 days if in contact with Covid positive individual. BC says this is 5 days for a double vaxxed person and 10 for non vaxxed. Do we wish to be in line with BC Health?</p> <p>02/24/22: HR has stated Covid policy is being reviewed and updated.</p> <p>03/31/22: HR Covid Policy has been updated and rolled out but screening forms have not. HR is seeking approval for new screening forms. Once approval has been provided the forms will be updated.</p> <p>04/28/22: Screen form has been updated and approved. HR will be sending copy to WH. WH will be using new forms beginning tomorrow. RESOLVED.</p>		
	2.	<p><u>Risk Assesment – How Inbound Shipments are loaded at origin.</u></p> <p>Anita has provided pictures and documents to Purchasing which show that containers are being loaded unsafely so that when they back into our dock the contents spill out on to the dock floor. Issue must be addressed with the organization loading the containers.</p> <p>Currently, it's impossible to avoid spillage. Anita is working on adding a safety net system to place across the container door to avoid spillage. However, as soon as the net is removed, spillage will occur. Situation is dangerous and costs time in clean up.</p> <p>03/31/22 – Anita wants this to remain on the report as we've had very few inbounds recently and there's no way to tell if improvements have been made.</p> <p>04/28/22 – No recent issues but inbounds have recently been coming in again. Anita wishes to keep this item on the report for one more month. Doesn't feel we have a sufficient sample size to determine if resolved.</p>		
	3.	<p><u>Walkthrough Checklists Updated</u></p> <p>JHSC and HR will create an updated office/warehouse checklist that is applicable, and quickly editable, to our organization. Sylvette, Jocelyn, Anita and Jack will be consulting with the goal of having a uniform checklist for all warehouses. Updated copy will be discussed during next meeting.</p> <p>04/28/22 – New Checklist will be provided to JHSC tomorrow, 04/29/22, for review.</p>		
	4.			
	5.			
New Business	1.	<p><u>First Aid Level 2 Required.</u></p>		

		To maintain minimum requirement Anita needs to train a WH staff member for First Aid Level 2. Employee has been approached and is willing. Training will commence in the summer.		
		<u>New WH Employee Member for JHSC.</u> New JHSC Member will be brought on board. Selection process to begin in the summer.		
		<u>Graeme has requested to step down from JHSC</u> Selection process has begun to find new Employer Co-Chair for Vancouver JHSC. Graeme will remain as Employer Co-Chair until replacement has been selected.		
JHSC Employer Recommendations
